

Grow Your Success Workshop

Perth, Western Australia
Saturday May 26 2012

Many people set out in life with grand plans for their life and their success. After some years many will notice how their decision and developments follow a theme or a pattern. Some will have succeeded, but many more will struggle or play it safe, achieving only limited success,

The reason success evades many people is largely often due to their unconscious beliefs, conclusions, and truths that run them silently but powerfully behind whatever conscious thoughts, plans and logic we initiate.

Learn how we have a 3 stage or triune brain and how 3 key processes work in our brains in contradictory fashions to maintain safety and prevent us leaving our comfort and safety zones.

Learn how family systems, and generational trauma act as sabotage and brakes on success, and what you can do to make conscious and overcome the limiting beliefs and wrong conclusions.

Learn the 8 wealth creation profiles that when you find your style, you will be "in flow" and can then adopt wealth creation and success strategies that will resonate with all parts of your brain and personality.

Understand why the hundreds of Wealth Creation schemes, books, DVDs and investments are not all meant for you, and how to go about identifying which of those are your "flow".

Learn the life planning technique of the 14 dimensional life plan which will initiate and guide your success path and make you the master of your destiny.
